HO Train Reference Site

You will find within this site many items that may assist you in repairing, identifying and collecting HO trains. Listed in the "Literature Section" are Assembly Diagrams with Part Numbers for many different HO train engines and rolling stock.

This includes Athearn, Bowser, Globe, Penn Line, Kato, Model Power, Model Die Casting, Roundhouse, Mantua, Tyco, AHM, Rivarossi, Bachmann, Varney, and many more. Additionally, Catalogs, Brochures and Product Sales Lists for these trains can be referenced here.

For a while now I have been a subscriber of "Built Heritage News" an online newsletter dedicated to "architectural conservancy". It is an excellent publication that is free to subscribe to.

It is put out by Catherine Nasmith who is the editor and an architect in Toronto.
