The HOMES Club announces that the 12th Annual Hamilton & District Layout Tour will be held on Saturday, November 3, 2012. We will have more than 20 layouts in various scales, including several that have never been on the tour before, from Burlington to Beamsville, and Smithville to Caledonia, plus Hamilton itself. The tour will include the last public running of Richard Chrysler's great Hamilton-Port Dover layout.

Admission \$5.00. Guide books will be available at local model railway shops in mid October, and from the HOMES Club on the day of the tour (460 Wentworth St. North in Hamilton).

PROTOTYPE TOUR

re the proposed rail tour I am having next June in Montreal. I would appreciate if you could let your readers know....if anyone is interested they can contact me, by e-mail, for the Canadian details. Please ask them to refer to " PTG Tours " , on google , and open the site. Click on the World tours , drop down menu will show Canada.... click on this and the full itinerary/pricing, (in UK pounds) is available. To date there are 10 booked....1 German, 1 Dutch, 1 American, and the balance Brits.

I will have anyone interested handled by a Travel Agent, in London, to protect the travellers. Once again, thanks for your assistance.

GREG IS A BUSY MAN!!!

Fall International Division Meet October 20, 2012, Burlington, ON.
NMRA ID guys will be putting on a fall clinic with Greg Shinnie and LED lights and a talk on prototype operations by an ex CP dispatcher. Several layouts will also be open for viewing! Contact is: gziemer@mountaincable.net

From Ray Dunakin on the Railroad-line forum.

This site has several digitized books by Walter Gilman Berg, which feature plans and info about railroad structures:

One of the books is titled, "Buildings and Structures of American Railroads", and is a reference book for railroad managers, superintendents, architects, etc.

There is also a similar book on American railway bridges and structures, and another on railway shop systems.

They can all be viewed online, downloaded to an ebook, or downloaded as a pdf.

A nice tutorial on making trees out of furnace filters.
